Dear Mr. Arell:

Enclosed is an Analytical Results Report (ARR) for the Leeds Silver Reclamation Site, for your review and comment. Also enclosed is some information from the Utah Division of Oil, Gas and Mining regarding the site, wastes on-site, and DOGM's involvement with the site.

We have contacted EPA's Emergency Response Branch concerning possible removal activities, and they have indicated that they will review the existing information and make a determination.

If you have any questions concerning this report, please contact Jason Knowlton of our staff at (801) 536-4100.

Sincerely,

Ursula K. Trueman, CERCLA Branch Manager
